This schedule MUST permit each Junior Angler equal time to fish their selected waters. Distance traveled to fishing locations must be considered in order not to deprive either partner fishing time while traveling to and from fishing waters. Participants must leave as return to official checkpoint by boat. All participants must remain in the boat as all times except in the case of dire emergency. In such an emergency, both competitors may be removed from their boat to: **A BOAT OPERATED BY OTHER COMPETITORS OR A RESCUE BOAT.** The momentary condition of being out of site of each other for restroom breaks is permitted. Otherwise, Competitors must remain together at all times, in sight of each other and each other's catch under the conditions cited above, in order for their catch of that day to be counted. If a competitor must violate any of the above conditions (to use a phone to report and emergency or breakdown) both competitors must cease fishing at this point, and a tournament official must verify their catch in order to be counted in the tournament. If after the emergency situation is resolved by tournament officials and enough time is left to resume fishing, a **RESTART** will be allowed and the competitors will continue and their catch will be counted. This applies only to dire emergency situations. Trailing of boats during tournament hours is prohibited, except by the direction of the Tournament Director.

14. OFFICIAL CHECKPOINT:

There shall be an official checkpoint for checkout in the morning and check-in in the afternoon and this point shall be designated at the tournament briefing. At the time of the checkout all competitors and their boats shall be in full conformance with all rules set forth by the Tournament Director; at check-in all boats shall identify themselves and proceed immediately to the designated weigh-in area. Partners must stay together; through check-in and weigh-in. **YOU MUST CHECK IN EVEN IF YOU DONT HAVE ANY FISH.**

15. SCORING:

Tournament standing, auxiliary awards and final standings shall be determined by each competitor's catch during the tournament. Only Largemouth, Smallmouth, Spotted, Red Eye or Shoal Bass will be weighed. The limit shall be 5 of the above species and varieties pre day, unless the prevailing state limit is less than 5, or a special limit is established for a particular tournament by the tournament officials, in which case the state limit, or special limit shall be the tournament limit. At no time shall a competitor have in possession more than the tournament limit. Tournament Officials will conduct checks for violations of this provision, and if the event a competitor has in their possession more than the stated limit, shall cull, starting with the largest bass first, etc., down to the stated limit. The official length for a bass shall be decided by the Tournament Director and announced at the tournament briefing. In most cases it will be the **LONGEST** state limit covering the tournament waters. Only bass which measure the official length or more on the longest straight line, shall be weighed-in. Bass presented for weigh-in which fail to measure the official length shall accrue penalties at the rate of one pound for each such bass. This penalty shall be deducted from the total score of the competitor. Any bass that appears to have been mangled, mashed, mauled, or otherwise altered will be weighed and credited only at the discretion of the tournament officials. After a competitor checks in at the official checkpoint he **MUST** present all fish in his possession to a tournament official to be counted, measured and weighed. Once a competitors catch has been measured, counted or verified by a tournament official, that contestant may not return to his boat until his catch has been weighed and recorded. Bass must not be stringered at any time during the tournament. This restriction includes livewell stringer systems used for culling. The Tournament Committee will furnish specially designed bags, which increase survival rate, and these bags must be used for weigh-in. **The winner will be determined by the total weight of his / her legal catch.**

16. CULLING OF FISH:

If it becomes necessary for a competitor to cull his or her day's catch, every effort must be made by the competitor to handle his or her own fish. Competitors cannot cull a dead fish. State laws may prevail. **DON'T KILL YOUR CATCH:** Each competitor is expected to keep his or her bass alive by use of a properly aerated livewell.

17. "Paper Weigh-Ins"

Under certain circumstances, "paper weigh-ins" shall be conducted in lieu of bringing live fish back to the tournament site. This special rule will be declared in advance, usually by the tournament officials prior to registration and / or at the tournament briefing held before the first day competition. This rule allows different length limits to be counted than are otherwise allowed with live fish. For instance, if the legal state length limit on a tournament lake is 14 inches, the length limit to be counted can be designated 12 inches as long as the fish is immediately returned to the water after being measured. All measurements shall be performed by the adult boat captain using the official measuring device. Only bass which measure the official length or more on the longest straight line, shall be counted. Lengths will then be converted to weights using the official length / weight conversion sheet given to each contestant prior to the tournament. Only the highest 5 total fish will be allowed to count. All other culling rules previously stated apply to the catch.

18. PENALTY POINTS:

For each legal dead bass presented to weigh-in officials, the competitor shall be penalized TWO (2) ounces of weight, to be deducted from their daily score. The Tournament Director shall have sole authority for accessing penalty points.

19. LATE PENALTY:

Competitors who are not in the official checkpoint area as described in rule 15 at the appointed time shall be penalized at the rate of one pound per minute to be deducted from the total weight of their catch that day, including any "Lunker Award" for each one minute they are late. Any competitor's more than 15 minutes late shall lose all credit for that day's catch. There shall be no excuses for tardiness and in no case will a competitor be allowed to make up "lost time". After proper recognition at the check-in point, competitors will be allowed ample time to proceed to the weigh-in site; however, all fishing must stop upon check-in. After the tournament begins, fishing the tournament waters is prohibited except during tournament hours. Exact starting and check-in times will be announced at the tournament briefing.

20. TIES:

In case of a tie the following tiebreakers will be used in order:

- 1). The Individual with the greatest number of legal live fish weighed-in during the competition;
- 2). The Individual with the heaviest single fish during competition;
- 3). In the unlikely event that individuals remain tied after these two tie-breakers are employed, then a flip of a coin will be used to determine the winner(s) and the money, if any, will be equally split.

21. PAIRING OF CONTESTANTS:

Wherever possible two contestants will be assigned to each boat with one boat captain. If for any reason only one contestant is available to go with a boat captain, an observer will be assigned to ride in that boat with them. Whenever possible, contestants from the same clubs will not be paired together. Announcement of your day's partner and Boat Captain shall be made at the pre-tournament briefing. Attendance is mandatory for Competitors, and Boat Captains or their representative. It shall be the responsibility of each participant to appear at a mutually agreed upon location with sufficient time remaining to check out at the official checkpoint and start time. Tournament officials shall have no responsibility for finding lost partners. The tournament director may reassign partners at any time prior to take-off. It is suggested that 30 minutes, minimum, is required for preparation to depart the checkout point. When participants check out in the morning they must stay together and in sight of each other and each other's catch throughout the day until the weigh-in is completed except in cases of dire emergency (See rule 14). A contestant must not allow any bass caught by him to be counted on the score of another contestant. In such a case, both contestants shall be disqualified from this and all future tournaments.

22. RULES ENFORCEMENT:

Nothing in the above rules shall prohibit a proper tournament official from approaching or boarding a competitor's boat at any time during the official tournament or the official practice day.
